No-Cost Training: 2016 Title 24, Part 6 Essentials on Residential Standards for Plans Examiners and Building Inspectors

Class Description

This hands-on, activity-rich class strives to provide plans examiners and building inspectors with the knowledge and skills needed to more quickly and effectively enforce the energy code for residential projects.

After this course, attendees will:

- Understand the 2016 building energy efficiency standards for residential new construction, additions, and alterations.
- Understand the purpose of each of the compliance forms and related documents.

This class was developed and is sponsored by Energy Code Ace, a program of the CA Statewide Codes & Standards Program.
