

Heating System Installer

Leslie Heating and Hydronics is hiring a heating system installer to our team. Construction experience a plus but will train the right person. Must have transportation, be reliable, get along with others, be honest, have references and a great attitude. This position can be year-round work in a trade that is always going to be needed in our area. Salary DOE. Please call Don Leslie at 530-582-8304.
