

The CATT Builder Partnership Program is our annual membership marketing program that provides an entire year of positive public image for you and your company. We created this program in 2018 to help our members establish a year long marketing plan within the CATT community.

Our partners enjoy a consistent presence at our networking events where we have over 800 participants, on our widely used website, **ca-tt.com**, and in our newsletters, email blasts, and social media platforms, Facebook and Instagram. An investment once a year simplifies the marketing process for you and helps the association secure the necessary funds to allow us to continue the work we do within the community for our members.

The last 20 years the Contractors Association of Truckee Tahoe has made a huge impact on the community. From the Job to Bid program to the Community Projects, this community would not be the same without it. With your donation we can continue to support the Truckee Tahoe Community.

"Thanks...I found my Designer/Engineer through this posting and he has done a great job."

Your support will allow us to continue to help local homeowners and small businesses. Our Job to Bid Program pairs up homeowners that need work done with local contractors, helping them to grow their business. With your support we can continue this program and help other local small businesses, grow and thrive in our community.

"...the T of T was such a pain...to get a building permit from, for a deck, that by the time they finally issued the permit, it was too late in the season."

The Contractors Association of Truckee Tahoe also helps local homeowners, contractors, suppliers and professionals with building issues. Currently CATT is helping contractors with issues like the wait times on plan checks from local agencies, mitigation fee increases, Town of Truckee General Plan Updates and affordable housing plans. Over the last 20 years the Contractors Association of Truckee Tahoe has fought over 120 local building issues defending the rights of the homeowners, contractors, suppliers and professionals.

"We're finally able to help our clients learn the life skills they need to become independent."

Having access to the best contractors in the Truckee Tahoe area gives the Contractors Association of Truckee Tahoe the great ability to give back to the community. Through C.A.T.T. Community Project, our 501c(3), our members have helped numerous other nonprofits in the area with everything from small projects to office remodels, including Sierra Senior Services, KidZone, STEPP, The Family Resource Center, Choices, Tahoe Women's Services, Truckee Community Garden, and Truckee Donner Railroad Society. They have also been asked to help restore local historical buildings like McIvery Dairy, the Old Jail Museum, Russel Valley Sheep Camp and this summer the original Truckee School House, the current Community Arts Buildings.

This is a great opportunity for you to promote your company with a well recognized, well respected organization within the Truckee-Tahoe community. If you would like to participate in this great program and help us to continue making an impact on the Truckee Tahoe Community please contact Karen at the Contractors Association of Truckee Tahoe office at 530.550.9999 or by email at eventinfo@ca-tt.com.
